Correction to: *Medicinal Plant Biology* <https://doi.org/10.48130/mpb-0024-0015>, published online 06 August 2024.

Since the publication of this article, the authors have noticed an incomplete expression on page 7: The main constituent of the oil is thymol, which is responsible for the healing properties of the oil<sup>[78]</sup>.

The correct: The main ingredient of ajwain oil is thymol, which has antibacterial properties and is also known for its healing properties (e.g. for alleviating the symptoms of cholera)<sup>[35,78]</sup>.

The authors would like to apologize for this error.

The original article has been corrected in the HTML and PDF versions.
